

City Habitat Conservation Plan Special Event Supplemental Application

1. What is the distance in feet from the northern extent to the southern extent of your event (i.e., shore-parallel length)?
2. If fencing is proposed to be left in place overnight, what is the area on the beach, in square feet, that will be enclosed within the fence? Additionally, what is the liner extent of the fencing?
3. Will lights be required before sunrise or after sunset? If so, what times will they be turned on/off?
4. If structures (e.g., tents, stages, tables, platforms, storage boxes, etc.) will be left on the beach overnight, what is the total square footage of these structures?
5. If vehicle access matting will be used, how many square feet of matting will be placed on the beach?
6. Please detail how your event plans to comply with each of the minimization measures for your event type. Please note this information will be used to streamline your application to Florida Department of Environmental Protection (if required) so more detail is preferred. Please use additional pages if necessary
